lieve that there has been this real gain in the population of Wheeling, but rould despair of making anybody else remarkable gain of 1,240 persons in the heavily Democratic district of Webster. Can'the best informed resident of that district find those persons? Can anybody in the district find the 1,486 men who sted in that district on November 6? WEST They are not there.

It is a notorious fact that men were iid. It is equally well known that challenges from the Republican side went for nothing-Democratic ballots were reseived by the Democratic election officers as freely as Republican ballots have since been thrown out by the Democratic County Commissioners.

This sort of work, ably supported by the intimidating United States Deputy now at hanc Marshals, carried Ohio country for the as Republica Democratic ticket. The day of reckoning will come. An intelligent and fair ainded people will not tolerate election work of this kind.

pecial Dispatch to the Intelligencer.

Weston, Nov. 15.—Democratic con

missioners have peculiar ideas of justice in the recount here. They found one ticket more in the box than was counted by the judges of election at the precinct the vote was cast. Over the National ticket was pinned a part of the Republican ticket on which Pat Duffy's name was written in pencil and left on the ticket printed. The law is "that a double ticket with different names shall be thrown away;" but a Democratic County Court gave Pendleton this vote. At the Sand Pork precinct two clerks relieved the two who had been sworn to help conduct the election, and one of the commissioners went to sleep at 10 p. m. and sleep until the vote was cast. Over the National went to sleep at 10 p. m. and slept until

of this fact. The irregularities in
this county and especially at the
precincts giving increased Democratic
majorities, were astonishing. The poll
books and ballot boxes of Glady and
Walkersville, were left at Davidson's
store, at Jacksonville, for two days and
young Davidson was telephoning the results from the books, when notified
that the books must be brought to
the clerk by one of the commissioners
